**SAINT MARIANNE COPE**  
(1838-1918)

Patron Saint of Lepers and Outcasts  
Feast Day – 23 January

Mother Marianne received a plea for help from leprosy sufferers in Hawaii. King Kalakaua himself sent the letter asking for aid in treating patients who were isolated on the island of Moloka'i. Mother Marianne left Syracuse with six sisters to attend to the sick, and arrived on November 8, 1883. Once arrived, Mother Marianne managed a hospital on the island of O'ahu, where victims of leprosy were sent for triage. The most severe patients were sent to the island of Moloka'i.

The next year, Mother Marianne helped establish the Malulani hospital on the island of Maui. Her tenure at Malulani hospital did not last as she was soon called back to O'ahu to deal with claims of abuse from the government-appointed administrator there. Upon arrival and following an initial investigation, Mother Marianne demanded that he resign, or she would leave. The government dismissed the administrator and gave her full management of the hospital there.

Soon, she was responsible for orphans of women who had contracted the disease as well as clergy who had contracted the disease while working with lepers. Eventually, Mother Marianne's work became a burden on her frail body and she was confined to a wheelchair. Despite this limitation, she continued to work tirelessly. Many noticed that despite all her years of work she never contracted leprosy herself, which many regarded as a miracle. Mother Marianne passed away on August 9, 1918 and was buried at Bishop Home.
