

Basilica of San Albino Roman Catholic Church

The Diocese of Las Cruces adopted a policy relating to sexual misconduct which is unlawful or which causes injury to another effective December 22, 1992. **ALL paid staff and volunteers are required to attend a Sexual Misconduct workshop and have a background check conducted by the Diocese of Las Cruces.** Attendance for other dioceses or employers **does not** satisfy this requirement. This policy is not left to the discretion of diocesan/parish/mission personnel. It is to be followed by everyone that works and/or volunteers in any of our parishes/schools/missions.

To: All Personnel and Volunteers

The above is mandated policy to attend a Sexual Misconduct workshop and have a background check. This includes not only catechists, vacation bible school personnel, youth leaders, clergy, religious personnel, all paid staff and all **other volunteers** including pastoral leaders. Anyone volunteering or working with catechism, life teen, storytelling, bible school, babysitting, etc. must attend a workshop and have a background check completed. If you have not attended or have not had a background check you must do so immediately so that you may continue in your ministry.
